## HENRY P. DALTON IS SUIT BROUGHT TO IMPEACH THE ASSESSOR.

### INDICTED BY THE GRAND JURY.

*County Assessor is Accused of Destroying Personal Property Assessment—Gives Bail for His Appearance in the Sum of \$1,000—The Report of the County Censors.*

The Grand Jury presented its final report to Judge Greene today.

The report is short and to the point.

The Grand Jury indicted County Assessor Henry P. Dalton on a charge of destroying public records.

Mr. Dalton is accused of destroying memoranda of the personal property assessment.

He was arrested this afternoon and gave bail in the sum of \$1,000 with A. J. Read and H. H. Havens as sureties.

### GRAND JURY SAYS BOOKS WERE MISSING.

The report of the Grand Jury is as follows:

"To the Honorable, the Superior Court of the County of Alameda, State of California, and to the Honorable W. E. Greene, Judge of said Court.

"The Grand Jury, empaneled by your Honor on April 23rd, presents its final report.

"We organized by the election of Geo. Burbeck as secretary, and have held ten meetings, and have fully acted up to the instructions given us by the Court.

"We have visited the City Prison, the County Jail and the City Prison of Alameda.

PRISON A DISGRACE.

"The City Prison of Oakland is in as good condition as can be expected, and as it will ever be, but as is well known, it has long been a disgrace to our city which can only be wiped out by the erection of a new City Prison.

"The City Prison of Alameda is satisfactory.

"The County Jail is generally in good condition, but finding some defective plumbing and sewerage we called in the Health Officer and Sanitary Inspector of the City of Oakland.

"They report that all of the closets, traps and vents are defective and a menace to the health of the inmates and citizens, and should all be overhauled. We call the special attention of the Supervisors to the matter.

THE HOSPITAL.

"We visited the County Hospital and Almshouse and find the management of the resident physician, Doctor Clark, to be entirely satisfactory. We find that there is but one person, a watchman, on duty at night.

"With 250 or more inmates, and a number of buildings, we think a night nurse should also be employed, and so advise the Board of Supervisors. Some of the buildings are very old and unfit for the uses to which they are put, and at times are overcrowded.

"The County of Alameda is large enough and rich enough to provide properly for its sick and poor.

"The necessary buildings must soon be provided, and it will cost no more to erect them now than at a later date. We very earnestly recommend to the Board of Supervisors to provide in the next tax levy for the erection of the necessary buildings, and that an architectural plan be adopted by the Board, suitable for our present needs, and that future additions may be made in accordance with such plan, and that the building now used for women be removed and new buildings be erected, not only suitable for the present but for future use.

"We also recommend that a stairway be added to the rear of the Hospital as a means of escape from the second story in case of fire. There is now no building fit for a pest house. We advise that such building be provided at an early day.

"We also inspected the Receiving Hospital, and as far as we are able to judge it is well managed.

COUNTY ASSESSOR.

"As the books of the county officers had been examined by the last Grand Jury up to about the end of 1899, and as the present efficient County Expert, Mr. Bullock, keeps his work up to date, we did not think it necessary to employ an expert.

"We have examined the books of the county officers and have found them well kept and up to date with the exception of those of the Assessor.

"Books furnished the Assessor by the County that seem to us ought to be found in his office were not there, nor were we able to learn from the Assessor or his deputies what had become of them.

"It was in evidence before us that the Assessor is not complying with the plain letter of the law, and it was a duty as Grand Jurors that we could not evade to present his case to the Court for judicial investigation which we have done.

"We now ask to be discharged from further service.

"Oakland, June 5, 1900.

"T. L. BARKER,

"FOREMAN.

"GEORGE BECK,

"SECRETARY."

### INDICTMENT AGAINST THE ASSESSOR.

The indictment against Henry P. Dalton reads as follows:

"The people of the State of California vs. Henry P. Dalton.

"In the Superior Court of the county of Alameda, State of California, this 7th day of June, 1900. Henry P. Dalton is accused by the Grand Jury of the said county of Alameda by this indictment of the crime of felony committed as follows:

"That said H. P. Dalton was on the 1st Monday of January, 1899, and ever since has been and now is the duly elected, qualified and acting Assessor of the said county of Alameda, and during all the times herein mentioned was the duly elected, qualified and acting Assessor of said county of Alameda.

D. 1899, next preceding the time between the first Monday in March, A. D. 1899, and the first Monday of July, A. D. 1899, to the person to whom it was owned or in whose possession or control it then and there was, except such as was required to be assessed by the State Board of Equalization, and said deputies made memoranda of all the said personal property said deputies assessed between said date in said Alameda county in small memoranda books, except when in certain instances said memoranda were made only in the stub of the stub books

"That said memoranda books contained among other things said personal property assessed by said deputies as aforesaid, the number, kind, amount and quality of said personal property and the cash value of said property and all the names of the persons who claimed or owned or in whose possession or control same personal property was at 12 o'clock M. of said first Monday of March, A. D. 1899, in said county of Alameda.

"That all the contents of said memoranda books made and entered therein by said deputies as aforesaid were copied into said book entitled, 'Oakland City Assessment Roll of Personal Property for 1899,' by a Deputy Assessor duly appointed by said H. P. "That certain assessments of certain personal property in said Alameda county at 12 o'clock M. of said first Monday of March, A. D. 1899, made and entered by said Deputy Assessors in said memoranda books as aforesaid and copied in said book so entitled, 'Oakland City Assessment Roll of Personal Property for 1899,' as aforesaid contained in said book so entitled was not copied into said assessment book of personal property of Alameda county delivered to said Clerk of the Board of Supervisors as aforesaid, and no other record of said certain assessments than was contained in said book entitled 'Oakland City Assessment Roll of Personal Property for 1899' was preserved by said Assessor.

"That during all the times herein mentioned said book was the property of said county of Alameda and during said time became an official record of the Assessor's office of said Alameda county and that on or about the — day of February, 1900, at the said county of Alameda said Henry P. Dalton, Assessor as aforesaid, willfully and secretly, permitted to be destroyed and willfully destroyed said book so entitled, 'Oakland City Assessment Roll of Personal Property for 1899,' which was then and there an official record of the Assessor's office of the county of Alameda, contrary to the form, force and effect of the statutes made and provided and against the peace and dignity of the people of the State of California.

"J. J. ALLEN,

"District Attorney of the county of Alameda, State of California.

Rupprich, R. S. Leckie, T. M. Robinson, G. A. Cash, H. P. Vinegar, Wm. M. Van Dornick, F. Scherer, E. A. Ellsworth, Philo Mills, Thos. E. Russell, Fred Du Brult, M. Whidden."

This telephone message was the means of apprising people in the upper part of the town that Assessor Dalton had been indicted.

It had the effect, also, of bringing to the Court House in hot haste, Messrs. Havens and Read the sureties and with them a number of friends of the accused. These filed into the District Attorney's office and sympathizers looked on while Messrs. Havens and Read affixed their signatures to the bond.

Mr. Dalton was present during the undertaking and thanked the gentlemen who had responded to his call.

With District Attorney Allen leading, Assessor Dalton next in line, with the bondsmen and friends bringing up the rear, the party proceeded to Judge Greene's court-room for the purpose of having the bond put into effect.

Judge Greene had gone but had left word that the defendant would be deprived of restraint as soon as the undertaking was properly signed.

The signing was correct, the bond, still wet, was filed with Clerk Crooks, and then Mr. Dalton left the courtroom and joined friends in his office.

"Who will you have to defend you?"

By real estate; as also upon the other fact, as alleged, that the names of parties who owned property and whose taxes were not collected were not put on the assessment roll.

It is also claimed that those taxes are still undelivered.

The accusation seeks to have Mr. Dalton impeached from office as Assessor of this county.

The complaint will be filed with this end in view as soon as possible by District Attorney Allen and the method of procedure will be the same as in other suits of a punitive character.

The Grand Jury has filed the accusation and the District Attorney must prosecute.

ASSESSOR

MAKES A

STATEMENT.

County Assessor Dalton made the following statement this afternoon:

"There is nothing in the charge as made by the Grand Jury. The memoranda books as kept by the field deputies are not any part of the records of the office after the assessments or notes are taken from the books and referred to the final rolls. They are then of no further use and are thrown aside, as so much waste paper.

"This has been the practice of the office for all time back. When I took hold of the office, there were no memoranda on hand. So far as I know there is not an Assessor's office in this State that retains the memoranda books which contain notes from which the personal property assessments are made. The writing in the small memoranda books is all in lead pencil and subject to change as the case might require. There would be just as much sense and reason in keeping and taking care of any and all papers upon which any figuring is done relating to the assessment roll, which are now consigned to the waste basket, as there would be in keeping the small memoranda books."

When Mr. Dalton left the office he was met by a TRIBUNE reporter and asked:

"Whom will you have as bondsmen?"

"I don't know. I haven't spoken to anybody. One of them may perhaps be Mr. Havens. Come into my office and I may be able to let you know."

The Assessor and reporter went into Mr. Dalton's office and there the telephone was worked with the result that H. H. Havens and A. J. Read consented to serve as sureties.

This telephone message was the means of apprising people in the upper part of the town that Assessor Dalton had been indicted.

It had the effect, also, of bringing to the Court House in hot haste, Messrs. Havens and Read the sureties and with them a number of friends of the accused. Grand Jury Files an Accusation Charging Henry P. Dalton with Wilful and Corrupt Conduct in Office.

Besides the indictment which was returned against Assessor Dalton this morning there has been filed against him with the County Clerk, through the District Attorney, an accusation charging him with wilful and corrupt conduct in public office.

This accusation was made by the Grand Jury under section 731 of the statutes of this State.

The document is a voluminous one comprehending about twenty pages of typewritten matter.

The charge of corrupt practice in office is based upon the fact, as alleged, that the Assessor did not collect all the personal property tax which was unsecured

Judge Greene announced that he would return at 1 o'clock sharp and he was on hand to the minute.

District Attorney Allen arrived at the same time and appeared before Judge Greene.

Clerk Crooks handed the warrant to the court by whom the document was signed. The instrument was then returned to Clerk Crooks who immediately left the court room with the document in his possession.

Mr. Crooks repaired immediately to the Sheriff's office. There he found Sheriff Rogers and Deputy Sheriff George Wales, both of whom had just returned from dinner.

Clerk Crooks handed the warrant to Sheriff Rogers, who glanced at it for a moment and then turned it over to Deputy Wales.

The deputy left the office, walked around to the front of the Court House, where he found County Assessor Dalton, who was going down the street.

Mr. Wales signified to Mr. Dalton that he would accompany him to Judge Greene's court.

Mr. Dalton and the officer went to Judge Greene's court.

The Court was at the time hearing a case in which P. J. Pinegar of San Rafael was interested.

Judge Greene left his chair and walked down to the steps and greeted the party.

District Attorney Allen said he desired to consult with his honor as regards the amount at which the bond of the accused would be set.

Judge Greene said he would fix the bond at \$1,000.

"Is there any objection," inquired Mr. Allen, "to my taking the defendant to my office to fix up the bond?"

"None at all," replied Judge Greene.

Accordingly Messrs. Dalton and Allen repaired to the office of the latter, where the blanks of the bond were filled in save those respecting the signatures of the sureties.

When Mr. Dalton left the office he was met by a TRIBUNE reporter and asked:

"Whom will you have as bondsmen?"

"I don't know. I haven't spoken to anybody. One of them may perhaps be Mr. Havens. Come into my office and I may be able to let you know."

The Assessor and reporter went into Mr. Dalton's office and there the telephone was worked with the result that H. H. Havens and A. J. Read consented to serve as sureties.

## BOERS AGAIN CONCENTRATING NEAR PRETORIA.

Kruger Decides to Take Refuge on Board a Dutch Cruiser.

LONDON, June 7.—In the absence of anything from British sources enlightening the Boer statement that General Buller requested a three-days' armistice, the military experts here are inclined to believe a revised version of the story will show that General Buller summoned the Federals to surrender or evacuate their positions within three days, failing in which he will attack them.

According to a dispatch from Lorenzo Marques under today's date, the Boers under General Botha are again concentrating in the neighborhood of Hatherly, twelve miles east of Pretoria.

From the same source, it is reported that the British prisoners are being removed to Nootgedacht from the unhealthy spot in the Elands Valley. About 500 men reported there June 5 and about 700 June 6. These probably constitute the portion of the prisoners which Lord Roberts had shifted from Waterval.

The strained relations between the Secretary of State for War, the Marquis of Lansdowne and the British Commander-in-Chief of forces, Lord Wolseley, appear to have reached such a pitch that but for the exigencies of the situation, Lord Wolseley would have resigned. It seems that Lord Lansdowne attempted to usurp some of the authority always heretofore wielded by the Commander-in-Chief and the latter is now said to have laid the whole matter before Lord Salisbury.

# HORRIBLE TALE FROM WISCONSIN.

MR. WAUKEE, Wis., June 7.—An evening Wisconsin special from Green Bay says:

A terrible accident occurred near Stockbridge on the Onondaga Indian reservation, which resulted in the killing of eight men and one child.

According to the story as brought in from the reservation a woman went out into the yard where several little children were playing, caught a chicken and chopped off its head with an ax. She left the ax lying on the ground.

Immediately on her returning to the house one of the children suggested that they play chicken. As the story goes, the youngest child was seized and its head placed on a block and hacked off.

A number of men were engaged on a crack in the yard raising heavy timbers in the erection of a barn. When the men above noticed the child being headed they rushed to the scene, thinking in the confusion the heavy timbers which were being raised fell with an awful crash, killing eight men.

# OFFICERS HOT ON YOSEMITE ROBBER'S TRAIL.

SAN FRANCISCO, June 7.—The capture of the bandit who held up the Yosemite stage is considered by detectives to be but a matter of short time. The officers have a tin type photograph of the robber. It was dropped by him and picked up by his pursuers.

The bandit, according to the theories of the detectives, is a Swede and has been a soldier.

Southern Pacific detectives say that a man resembling the one in the photograph was recently seen in Oakland.

Major Rucker and his troop of cavalry is thoroughly searching the country in the vicinity of the robbery and all trains are being watched by detectives.

# STRIKERS WILL NOT COMPROMISE

JOHN W. CAMPBELL, Chief of Police of St. Louis.

# St. Louis Men Refuse to Accept Terms of the Company.

ST. LOUIS, Mo., June 7.—It is just one month, lacking a day, since 3,229 employees of the St. Louis Transit Company struck to secure a recognition of their union and adjusting of their grievances, and a settlement of their differences does not seem to be in sight.

The Transit Company has recognized the union and allowed its employees to return to work, but insists on retaining all the men who have taken the places of the strikers.

Last week the company agreed to take back 1,000 men at once, and within thirty days and as many more as there became vacancies for. The strikers insisted that all or none be taken back, and here the matter rests. Additional nonunion men are daily coming to town to run the cars, and the company now claims so many places have been filled that they can only provide positions for less than 1,000 of the old employees.

Among the affidavits filed in the United States Circuit Court in connection with the proceedings is an injunction against street railway strikers signed by R. L. Wilson and E. A. Drusich, formerly residents of Cleveland, Ohio, now employed by the St. Louis Transit Company, alleging that W. D. Mahon, president of the National Association of Street Railway Employees, and Harry Bryan, president of the Local Division 106, "in private or secret meetings, where the public would not know what transpired, by their manner, speech, innuendo and conduct, gave the strikers and other members of the association to understand that they were at liberty to indulge in any kind of violence that would interrupt the operations of the street railway lines and prevent other members from operating cars thereon."

Mr. Mahon, when seen in regard to these charges, said:

"I am completely ignorant of the charges of Wilson and Drusich."

# CITY OF ALAMEDA

# NEWS NOTES FROM THE ENCINAL.

# MEETING OF THE ALAMEDA EDUCATORS.

The Meeting of Free Secret Session Was Library Trustees in Alameda. Held by the Officials.

ALAMEDA, June 7.—Mrs. P. D. Traveler of the San Jose avenue met with an accident the other evening while returning from a drive. As she was entering her grounds the horse took fright at a passing car and reared, throwing her to the street. She escaped serious injury.

At a meeting of the Free Library Trustees it was decided to permit patrons to renew books, other than fiction or magazines, for two weeks instead of one week. The trustees also agreed to purchase 250 volumes, a daily average circulation of 355.

SHE WAS ILL. Mrs. Laura Kelsey, charged with felony embezzlement by Mrs. Joseph Marjanyan, appeared before Judge Morris at 10 o'clock this morning, but the case could not go on owing to the continued illness of the prosecuting witness. The preliminary hearing was postponed until July 11th.

ALAMEDA, June 7.—The educators met last night in the City Hall and held a love feast in the office of the Superintendent of Schools, during which service a crowd of reporters and curious citizens were being educated in patience on the outside.

It was early in the evening noised about that there was a meeting going on. The reporter of the Chronicle, that paper which had upset calculations by publishing the result of a caucus "for understanding," whereby it had been resolved to make some radical changes in the department, glided upon the scene like a canister of shot.

"Nothing will happen while you are here," said several citizens, "go away!"

To complete the hypnotic spell Joe Jackson later arrived. When this event occurred, several grave citizens, who had been hanging about hoping against hope that the promised election of teachers would occur last evening, slendly adjusted their head gear and departed.

The reporters then took possession of the lone Council Chamber and the meeting was called to order, "Trustee" J. R. Sloan made several frantic motions but was ruled out of order. A resolution was introduced by Mr. Nauman that the Board of Education be, and hereby declared suppressed, deposed and relegated to Coventry. The resolution was unanimously adopted by a rising vote, after which some remarks of general nature on the benefits to be derived from poetry were made.

When the other School Directors voted to hold the election last night, Mr. Sloan voted nay, and that settled it as far as he was concerned. The Board might meet, but he for one would have no part in it.

# GREAT BRITAIN BACKING JAPAN AGAINST RUSSIA.

German Marines Have Been Ordered to Tien Tsin.

Germany Will Act in Concert With the Other Powers.

Associated Press Dispatches by The Tribune's Special Leased Wire.

BEIJING, June 7.—The officer commanding the German squadrons at the Port has been directed by cable to send a detachment of sailors and marines to Tien Tsin and after conferring with the German Minister at Peking to arrange with the commanders of the other squadrons regarding the further measures to be taken for the protection of Europeans.

It is understood that Germany has officially declared her readiness to act in concert with the other powers. But having no troops outside of Shan Tung province, she is not disposed to take the leading part in intervention in China.

The German newspapers claim to have discovered that the alleged secret agreement arrived at between Russia and Japan to act together against Great Britain in the Far East is purely fictitious. The National Zeitung claims that Great Britain stands hand in glove with Japan.

# THREATEN THE GOVERNOR'S LIFE.

Associated Press Dispatches by The Tribune's Special Leased Wire.

JEFFERSON CITY, Mo., June 7.—Governor Stephens is annoyed by letters received from St. Louis threatening him. He does not call out the militia to suppress street car strike riots and others threatening him if he does call out the militia. This morning he received the following card:

"St. Louis, Mo., June 6, Mr. Stephens, Governor, Jefferson City: If you do not call out the State militia within a few days you will be shot. Respectfully,

Governor Stephens says he has not the support of the press and citizens of St. Louis in his efforts to preserve order, and that these letters are the natural result of the constant attacks of the newspapers and others.

### HOT MORNING BREAKFAST.

Comfort Depends on Food.  
It is not so easy to arrange a tempting breakfast for a hot morning, but every one appreciates such a breakfast and enjoys the relief from the heated blood caused by a meat and coffee breakfast.

In fact by skillful selection of food, even the hottest day can be made quite comfortable.

Start with fruit of some kind, then a dish of Grape-Nuts food with cold cream, one or two soft boiled eggs, a slice of bread and butter and a cup of cocoa or Pabst Food Coffee. On that sort of meal one will be fully nourished until the mid-day.

Grape-Nuts food is concentrated and powerful, imparting to the user a sense of reserve force and strength. The strong man thinks the weather moderate and comfortable when the nervous, weak man thinks it unbearably hot. Grape-Nuts food is perfectly cooked at the factory and ready for instant use, cool and delicious, requiring no hot stove and cross cooking on a hot morning. "Health is a matter of wise selection of food and a contented mind."

## THOS. MAGEE JR. SERIOUSLY ILL.

### Removed to Father's Home for Treat- ment.

Thomas Magee Jr., one of the sons of the well-known real estate dealer, is lying at his father's home in San Francisco, very seriously ill.

Some days ago he underwent an operation for the removal of a growth in his nose.

It was not thought to be very troublesome at the time, but he did not recover as well as expected and was brought from his home in Fruitvale to San Francisco so that he might have the benefit of the best medical skill and training.

Young Magee is well known in university, social and business circles. He was married about four years ago to Miss Hush, his brother marrying the lady's sister. The two young couples have been living in Fruitvale.

Inquiry at the home of Thomas Magee Sr. last evening resulted in information to the effect that, though very ill, the doctor has hopes that the young man will pull through. His temperate life, good constitution and rugged health, it is believed, will stand the sufferer in good stead.

Lincoln, who attended her that fearful night. "I all thought she must soon die from pneumonia, but she begged for Dr. King's New Discovery, saying it had more than once saved her life and had cured her of consumption. After three small doses she slept easily all night, and the further she completely cured her." This marvelous medicine is guaranteed to cure all Throat, Chest and Lung Diseases. Only 50c and \$1.00. ## Dyspepsia

## ELECTROZONE CURES

The most common of the multitude of diseases that afflict humanity are disorders of digestion, and these are of the most far reaching in their effects on the general health. Owing to their immediate nervous association, the brain at once enters into sympathy with the stomach whenever the functions of the latter are disturbed. So intimately, in fact, are the stomach and head connected through the medium of the great sympathetic system, that the removal of disturbances which only produce loss of appetite, but also affect the process of digestion; while in turn produces depression of spirits and sometimes insanity.

Will CURE DYSPEPSIA

There is nothing that equals ELECTROZONE for the removal of this distressing trouble. ELECTROZONE is a combination of the very elements of life. It acts directly on the trouble and removes all impurities from the blood, causing a healthy flow to all parts of the body, which assists the stomach in doing its work naturally.

ELECTROZONE acts like magic in curing dyspepsia. It arrests fermentation of food, prevents acidity of the stomach, increases the appetite, improves the digestion and regulates the bowels. The general result is a positive cure—a boon to the afflicted.

# HOW JONES DID IT

OF COURSE A good many odds and ends accumulate around a home—and Jones was philosopher enough to figure out that somewhere in Oakland there was somebody who wanted just the things which were odds and ends. So he sold his odds and ends in the TRIBUNE "For Sale Miscellaneous" adlet. Result—A quick buyer. Now Jones is accumulating odds and ends as fast as he can make up the "odds and ends" adlet. Have you ever used TRIBUNE "For Sale" ads?

# COUNCILMEETALK OF IMPROVEMENTS.

## Girard Says Some Hard Things About Cavellier—A Tart Reply.

The Committee of the Whole City Council met last evening to consider the matter of issuing bonds for parks and boulevards and upon the advice of President Warren Olney of the Citizens' Committee of One Hundred, a committee of three was appointed to gather and submit data as to what property was necessary for park purposes and the price that would be demanded for such property.

Incidentally, the meeting was enlivened by a strong scene between Cavellier and Girard. The former had been advocating the purchase of the de Fremery property, when Girard suddenly interrupted with the query:

"Why don't you buy the whole of West Oakland? You want to buy the land around the Sixteenth street depot, and then the de Fremery property a few blocks away. Why don't you take in the entire First ward?"

"I hope Mr. Girard won't be facetious," said Cavellier. "This is no joking matter."

"Think Cavellier must be joking," continued Girard. "Does he really mean that we should buy the de Fremery property? Why not buy all West Oakland? Does he want to sell the de Fremery property?"

"I am simply following out the recommendation of the Citizens' Committee," said Cavellier. "I am not here to assist our Committee in its work. I think that property would be a great acquisition. You would buy a natural grove of oaks and not have to cut them down. I have no personal interest in the matter, further than the city's welfare and I am not after a commission. I DON'T SELL PLACES."

"BUT YOU SELL WHISKY, don't you?" asked Girard, heatedly.

"No I don't," replied Cavellier.

"Well, then, French brandy; it's all the same thing," retorted Girard and the incident was brought to a close.

When the matter of parks was brought up, Rowe moved that there be incorporated in the park proposition the acquisition of the land adjacent to the land owned by the city at the Sixteenth street depot and the de Fremery property.

Mott said that he was heartily in favor of park improvements and that, if he had his way, he would spend \$1,000,000 for park purposes because he thought it would be a good investment. The improvement around the Sixteenth street depot alone would be worth thousands of dollars to the city as an advertisement. He also believed that the de Fremery property should be acquired, that the property around the lake, a part of the Adams property and of the Sather property, with a connecting boulevard should be acquired and improved; there was no possible argument to be advanced against such improvements. He felt that Independence Square, which had been given to the city for park purposes years ago should be improved.

"But there is a question in my mind," continued Mott, "as to whether it would be wise at this time to submit a park proposition. I am inclined to the belief that it might overlead the public stomach, so to speak, and every judgment may be wrong, but I am anxious to see the bonds issued and I think it would be a pity to unload too many propositions on the people at this time. I have no objection to the issue. There is no question that these improvements should be made, and you, the boulevard around the lake

## Stole His Friend's Wife and Ran Off.

Judge Says Lover Ought  
to Be In San  
Quentin.

An unusual case of depravity was brought on today in the trial of Mrs. Mary Sarubba on a charge of battery performed by Mrs. Theresa Nacarat. Mrs. Sarubba, incidentally, was fined \$50 or failing to pay, imprisonment for the crime. Both women claim the same man, R. Nacarat, a bookbinder who has a stand on Twelfth street near Broadway, and it was over him that they fought.

None of the principals in the little drama among the lowly are prepossessing. Nacarat is not one who would be selected as the hero of such an affair. His presence is disgusting, and on the witness stand he made statements that proved him to be of the lowest type of human kind.

Nacarat said he had taken Theresa from her husband twenty-seven years ago in Italy and had brought her to California. He gave as a reason for this that the husband did not feed her. After coming to California he admitted he took up with the Sarubba woman, and since has maintained two households.

"Did you ever tell Mrs. Sarubba that you would marry her?" asked Attorney Garvey.

"Yes," answered Nacarat. "Four years ago Mrs. Nacarat was very sick and Mrs. Sarubba was attending her. We expected Mrs. Nacarat to die and I said if she did I would marry Mrs. Sarubba."

"Were you ever married to Theresa?" asked Garvey.

"That is a common law marriage," interrupted Judge Smith. "But there is no questioning this witness further. A man who would make such admissions on the witness stand I would not believe under oath. If he should marry Mrs. Sarubba I believe that any court would hold him guilty of bigamy. A similar case occurred here recently. The defendant, a man named Green, was sent to San Quentin."

"That is where this man belongs," suggested Deputy District Attorney Samuels.

"I believe that is right," said Judge Smith.

Both women corroborated Nacarat's story.

# BETTER SERVICE IN POSTOFFICE.

## New Carts Are Con- tracted For by Uncle Sam.

Postmaster Friend has been studying for some time the best methods to employ in improving the carrier service of this city.

An appeal was lately made to R. R. Munroe, post office inspector in charge for more efficient service for the collection of letters.

As a result of the interview a contract has been made with Hutchinson & Boling, the parcel delivery men and United States Mail contractors for sixteen additional horses and carts, for a period of four years.

The carts are to be a kind never before used here. They are to be made by Studencher and will be neat and light, so that additional speed may be gained.

The new service will go into effect on July 1st.

# TWO LOVERS KEPT A WELL KEPT MARRIAGE.

## Beatrice Singleton and Earl Hough Give Their San Leandro Friends a Pleasant Surprise.

SAN LEANDRO, June 7.—Miss Beatrice Singleton and Earl Hough, both well known young people of San Leandro, were married last Tuesday afternoon at San Rafael. The ceremony was the climax to a most romantic courtship. In fact, the wedding itself was the repetition of a former ceremony by which the young people had taken the vows which the later ceremony has made public to the world.

On the third of last November, on board the private Hartford, which was at that time lying at the navy yard at Vallejo, a contract marriage between Miss Singleton and Mr. Hough was duly drawn up and witnessed in the presence of Chaplain Macdonald of the United States service.

This earlier ceremony was entered into to make inseparable the bonds which, as long time has passed, grew up between them. Returning to their home's they continued to meet as lovers only and the fact of the contract union existing between them was kept secret from even their most intimate friends.

Recently, however, Mr. Hough received a flattering offer of a position in Honolulu. He wished to accept the position but did not wish to go to that far away country alone. The result was the quiet ceremony at San Rafael. Rev. David James of that place officiated, and the witnesses were Oliveville Dollar and his sister, Miss Mae Dollar, also of San Rafael.

After the ceremony the couple returned to the residence of Mr. Hough's father, where they are now residing. They expect to sail for Honolulu on the fifth of this month and will make that city their home for the present.

Miss Singleton is the daughter of Mr. and Mrs. John Singleton, and is a beautiful and accomplished young lady with a host of friends.

The groom is the son of W. J. Hough of the gas works. For some time he has been in the employ of the Tabor Photographic Company of San Francisco.

### TO WOMEN WHO DOUBT.

Every Suffering Woman Should Read this Letter and be Convinced that Lydia E. Pinkham's Vegetable Compound Does Cure Female Weakness.

"I have been troubled with female weakness in its worst form for about ten years. I had leucorrhoea and was so weak that I could not do my housework. I also had falling of the womb and inflammation of the womb and ovaries and at menstrual periods I suffered terribly. At times my back would ache very hard. I could not lift anything or do any heavy work; was not able to stand on my feet. My husband spent hundreds of dollars for doctors but they did me no good. After a time I concluded to try your medicine and I can truly say it does all that you claim for it to do.

Ten bottles of Lydia E. Pinkham's Vegetable Compound and seven packages of Sanative Wash have made a new woman of me. I have had no womb trouble since taking the fifth bottle. I weigh more than I have in years; can do all my own housework, sleep well, have a good appetite and now feel that life is worth living. I owe all to Lydia E. Pinkham's Vegetable Compound. I feel that it has saved my life and would not be without it for anything. I am always glad to recommend your medicine to all my sex. For I know if they follow your directions, they will be cured."—Mrs. F. ANNA THOMPSON, South Hot Springs, Ark.

# GREAT WORK FOR INTERIOR OF COUNTY.

## Wharves and Docks Along the San Le- andro Bay.

The work of reclaiming the 1,500 acres of land along the shores of San Leandro bay and around Bay Farm Island has actually been commenced, the first item being the placing this week of a dredger upon the work.

The land has been purchased within the last few months by Egbert and Andrew L. Stone of the E. B. & A. L. Stone Supply Company, and it is generally believed that it is the intention of this enterprising firm to reclaim the valuable land so that extensive wharves, docks and moles can be located along the shore of San Leandro bay as soon as the Alameda canal shall be completed.

The property that the firm has purchased lies the shore of San Leandro bay and the main land, and includes a large tract that runs well in toward Elmhurst and Piteburg. The first dredging work is being done upon this tract, and it is the general belief that a canal is to be constructed toward the little settlements.

The firm has large interests at Elmhurst, as well as at other points throughout the county, and such a canal and landing would be of great service in that section.

The Stones do a large contracting business throughout the county and are also engaged in furnishing builders' and contractors' supplies.

They are also largely interested in the Oakland, San Leandro and Hayward Electric Railway, which has its headquarters and power house at Elmhurst, and there are rumors to the effect that a branch road will be built from Elmhurst to the proposed docks and a freight business with the interior of the county established, thereby furnishing an outlet for the great fruit centers of San Leandro and Hayward. Anything of the kind would, of course, be in direct competition with the Southern Pacific Company, and a great deal of interest is being taken in the matter.

Most of the talk is mere speculation, but everything points to the fact that there is good foundation for the many rumors which are to be heard on every side. The Stones are reticent about their intentions and will have little to say about their future operations.

"It is true that we have purchased some water lots in that neighborhood," said E. B. Stone. "We have secured several hundred acres, somewhere in the neighborhood of 1,500 acres. What is more, we have put a dredger to work on the land and are engaged in reclaiming some of it. That much we have done, and that is all I can say now."

# ORATOR J. A. JONES GOES TO JAIL.

John Aubrey Jones, well known as a People's party politician and lecturer on the coast, left the city for San Francisco yesterday afternoon in San Francisco when he attempted to deliver an impromptu address at the Market street corner. After a short speech he was taken into custody by a group of admirers in rapid attention on his expression of views on the fourth of July. After a short speech he was taken into custody by a group of admirers in rapid attention on his expression of views on the fourth of July.

Morrissey told the orator to move on, but Jones declared that he would have his rights and would not move on.

When Jones did not obey a second order he was placed under arrest and removed to the City Prison in the patrol wagon. He was booked on a charge of obstructing the sidewalk, and was very much upset by his arrest, and when the arresting officer told him that he was simply carrying out his duty, he was informed that there was no law in this country.

# NEILL COMPANY IN CAPTAIN SWIFT.

"Captain Swift" was the Neill Company's offering at the Macdonough last night, and a large audience enjoyed a splendid production of this serial play.

"Captain Swift" is a play that demands a strong and evenly balanced company for its successful presentation, as its intricate plot and powerful situations are wasted on mediocre actors.

The Neill organization proved itself more than equal to the test, and the performance was a delightful one.

Mr. Neill in the title role gave a polished and virile rendition of the part and achieved a distinct success. Tonight "Captain Swift" will be given.

# DEATH CALLS AN OLD ODD FELLOW.

Samuel B. Weller, one of the pioneer Odd Fellows of the State, died last night at his home, 575 Fifty-ninth street.

He was born in Ohio seventy-nine years ago and came to California in 1839. For three years he resided on the Yuba river, and then moved to Columbia where he engaged in the mercantile business. While in Columbia he helped organize the first lodge of Odd Fellows and assisted in the organization of the "Coloma Grays."

He was in the military company intended for service in the civil war. He held a Lieutenant's commission in the company. In 1869 he moved to Berkeley and resided there until his death.

Deceased leaves a wife and two daughters. The funeral will be held under the auspices of the Berkeley Lodge of Odd Fellows.

Dr. James P. Dunn is making his plans to tour the East and Europe during the latter part of the season. Dr. Dunn has worked very hard for the past few years and he now feels the need of a rest. His large practice has kept him in the city, but he will spend about two months in New York, where he will study in the principal hospitals. He will then proceed to Europe, and will visit the principal cities on the continent, calling at the large hospitals for the purpose of studying all new medical appliances. Dr. Dunn will spend with his brother, Dr. M. J. Dunn, in Paris. The latter is now making a tour of Europe.

Associated Press Dispatches by Wire. The Tribune's Special Local Wire. COLUMBUS, Ohio, June 7.—Admiral Dewey was active early this morning. At 9 o'clock he was conducted to the State Capitol, where the public awaited his coming. The drive was made amid a continuous ovation. From 9:30 until 11 the Admiral greeted the public, there being a steady flow of people with outstretched hands. The public reception was followed by a luncheon at the Columbus Club. Mrs. Dewey had, meantime, been taken in charge by the ladies who conducted her to the residence of Mrs. James Kilbourne, where she was suitably entertained.

# ADDRESS BEFORE OAKLAND CLUB.

Vacation schools absorbed the attention of the Oakland Club during the early part of the week yesterday. The Financial Committee reported that \$200 is necessary to carry on the work. A special session of the Executive Board was called for Thursday morning to complete plans for carrying on the schools.

Miss Knapp, on being introduced, after a few preliminary remarks on the club's work, gave a very interesting address on "Work and Life," from which a few excerpts are taken. She said:

"It is not always the newest utterance that is true, and it must frequently have been your experience as a club organizer to bring about better and more helpful things. The most important thing is the obvious right that oftenest has to be insisted upon: the simplest truth that presents the most complex aspect when the eyes are not single, the patient truth statement of a case that we must often put if we are to help people to see things as they really are, and to put their seeing into their everyday life. So it does us no harm to turn aside, now and then, for a consideration of the old truths and so long as there is so much useless, non-constructive work in the world, that does not serve the world in a true sense, there is still need to consider old work in its bearing upon life."

# TRUTHS EASILY DIGESTED.

Concerning a Method of Curing  
Dyspepsia and Stomach  
Troubles.

Dyspepsia and indigestion are considered incurable by many people who do not realize the advance made in modern medical science, and because by the old methods old remedies a cure was rarely, if ever, obtained.

Dyspepsia is now cured as readily as any other disease.

What the dyspeptic wants is ABUNDANT NUTRITION, which means PLENTY of food, wholesome, well cooked food and something to assist the weak stomach to digest it. This is exactly the purpose for which Stuart's Dyspepsia Tablets are adapted, and this is the method by which they cure the worst cases of Dyspepsia. In other words, the patient eats plenty of wholesome food and Stuart's Dyspepsia Tablets digest it for him. In this way the system is nourished and the overworked stomach rested, because the tablets will digest the food whether the STOMACH WORKS OR NOT. ONE of these tablets will digest 3,000 grains of meat or eggs.

Your druggist will tell you that Stuart's Dyspepsia Tablets is a remedy sold on its merits and is the purest, safest and cheapest remedy sold for stomach troubles, and every trial makes one more friend for this excellent preparation.

# Greatest of All

"Every one in San Antonio, Texas, says that Ackers' English Remedy is the greatest thing ever put up for coughs, colds, croup, whooping cough, croup and consumption. I have been using it over four years for all forms of throat and lung trouble, and have yet to come across a case where it failed. I have had it used on my family, and neither my wife nor I have ever lost a night's sleep because of throat trouble among the children. I guess that is more than any other family can say. Ackers' English Remedy is just as effective for grown-up people as for the young. It seems to go straight to the place where the trouble lies and soothes and breaks up the cough. It soothes and heals the irritated tissues, loosens up the phlegm and mucus in the breathing passages, quiets the nerves, invigorates the constitution and stops the coughing. My advice to parents is to always keep a bottle in the house. It will be a constant safeguard against croup." (Signed) E. G. ZIMMERMAN, San Antonio, Tex.

Sold at 25c a bottle, throughout the United States and Canada, and in England at 6d. a bottle. If you are not satisfied after buying, return the bottle to your druggist and get your money back.
